Wheat – S64H1

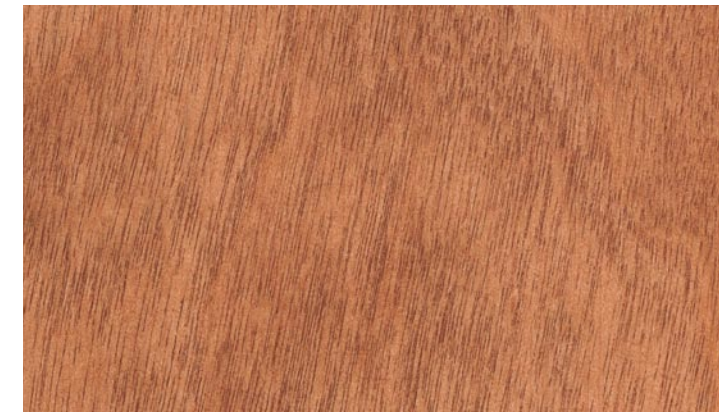

Traditional Cherry – S64R14

Cordovan – S64R15

Golden Hickory – S64N13

Cherry – S64R6

Mahogany – S64R7

Colors may vary depending on wood type, natural wood characteristics, veneer thickness, door skin construction and stain application method.

Factory stained samples are recommended for final project color submission for all wood species or veneer types.

*Certain Species of White Birch may appear more translucent and contain “whiter” grain structure than shown.
